808 Line Expands with Launch of CANZ Bluetooth Wireless Speakers

Little Speakers, Big Sound!

HAUPPAUGE, N.Y., Oct. 15, 2013 /PRNewswire/ -- VOXX Accessories Corporation announced today the expansion of its 808 Audio product line to include 808 CANZ Bluetooth Wireless Speakers.

"Our goal is to make speakers that sound as good as they look. We make stuff that we want to use ourselves. Canz are a representation of that," said David Geise, President of VOXX Accessories Corporation. "This new product has been engineered to deliver the high performance sound that consumers have come to expect from premium audio products, without the outrageous price. That's what the 808 brand is all about."

In its entirety, the 808 line of studio quality headphones and speakers provides high performance audio at a reasonable price. Not only do the products in the 808 line enhance your listening experience, but they let you *feel* the music and *hear it like never before*. PC Magazine praised the Canz speakers for being "an extremely affordable Bluetooth portable speaker... offering a solid audio experience."

Smaller than a soda can, 808 CANZ Bluetooth Wireless Speakers provide big sound in a little package. Studio quality sound and intense bass radiate from these tiny, rechargeable, can-shaped speakers, which support Bluetooth v2.1 and also include a 3.5 audio line input for versatile listening options. With a range of 30 feet and a battery life of 5-6 hours (at a normal volume), 808 CANZ are a convenient option to listen to music anywhere without sacrificing sound quality.

808 CANZ Bluetooth Wireless Speakers (\$34.99 MSRP) are available in red, blue and silver from major retailers including Wal*Mart, Sam's Club and Office Depot.

Safe Harbor Statement

Except for historical information contained herein, statements made in this release that would constitute forward-looking statements may involve certain risks and uncertainties. All forward-looking statements made in this release are based on currently available information and the Company assumes no responsibility to update any such forward-looking statements. The following factors, among others, may cause actual results to differ materially from the results suggested in the forward-looking statements. The factors include, but are not limited to risks that may result from changes in the Company's business operations; our ability to keep pace with technological advances; significant competition in the automotive, premium audio and consumer accessories businesses; our relationships with key suppliers and customers; quality and consumer acceptance of newly introduced products; market volatility; non-availability of product; excess inventory; price and product competition; new product introductions; foreign currency fluctuations and concerns regarding the European debt crisis; restrictive debt covenants; the possibility that the review of our prior filings by the SEC may result in changes to our financial statements; and the possibility that stockholders or regulatory authorities may initiate proceedings against VOXX International Corporation and/or our officers and directors as a result of any restatements. Risk factors associated with our business, including some of the facts set forth herein, are detailed in the Company's Form 10-K for the fiscal year ended February 28, 2013.
