

VOXX International Corporation Reports Fiscal 2015 Financial Results

HAUPPAUGE, N.Y., May 13, 2015 /PRNewswire/ -- VOXX International Corporation (NASDAQ: VOXX), today announced financial results for its Fiscal 2015 fourth guarter and year-ended February 28, 2015.

Fourth Quarter Results (three months ended February 28, 2015 and February 28, 2014)

Net sales for the Fiscal 2015 fourth quarter were \$169.9 million compared to \$187.1 million reported in the comparable year-ago period, a decline of \$17.2 million or 9.2%. Net sales were primarily impacted by four major factors: the Euro conversion, the West Coast port closure, the change in the Company's Mexico distribution model, and domestic sales that were negatively impacted by poor weather. Taking into account the impact of the Euro conversion alone (weighted average of 1.176 vs. 1.366) net sales were down \$8.2 million or 4.6%. Additionally, the port closure negatively impacted fiscal 2015 fourth quarter sales by approximately \$4 million. On a segment basis:

			Q4 2015 vs. Q4 2014	Q4 2014 USD	Q4 2015 vs. Q4 2014
	Q4 2015	Q4 2014	(Euro impact)	(Revised Consolidated)	(w/ Euro conversion)
Total Net Sales	\$169.9	\$187.1	(\$9.1)	\$178.1	(\$8.2)
Automotive	\$90.9	\$93.9	(\$6.1)	\$87.8	\$3.1
Premium Audio	\$37.3	\$42.7	(\$1.7)	\$41.0	(\$3.7)
Consumer Accessories	\$41.5	\$50.2	(\$1.3)	\$48.9	(\$7.4)
Corporate	\$0.2	\$0.4	-	\$0.4	(\$0.2)

The gross margin for the Fiscal 2015 fourth quarter was 29.1%, an increase of 80 basis points as compared to 28.3% for the same period last year. All three business segments posted increases in gross margin due to product mix shifts and better margins associated with new product launches and programs (Automotive - 28.2% vs. 27.8%; Premium Audio - 33.6% vs. 32.8%; Consumer Accessories - 26.5% vs. 24.5%).

Operating expenses for the Fiscal 2015 fourth quarter were \$50.2 million as compared to operating expenses of \$112.4 million in the comparable year-ago period. The 2014 fiscal fourth quarter included non-cash impairment charges of \$57.6 million and excluding this impact, operating expenses were down approximately \$4.7 million or 8.6%. This year-over-year improvement was primarily driven by a \$2.1 million decrease in selling expenses, a \$2.9 million decline in general and administrative costs, excluding the impairment charge, and a \$0.9 million decline in engineering expenses, offset by \$1.3 million of restructuring charges.

The Company reported an operating loss of \$0.7 million as compared to an operating loss of \$59.6 million in the fiscal 2014 fourth quarter. Excluding the impairment charges, operating loss for the Fiscal 2014 fourth quarter was \$2.0 million, a year-over-year improvement of approximately \$1.3 million. Net loss for the Fiscal 2015 fourth quarter was \$14.4 million or a net loss per diluted share of \$0.60 as compared to a net loss of \$49.0 million or a net loss per diluted share of \$2.01 for the comparable year-ago period.

Earnings before interest, taxes, depreciation and amortization ("EBITDA") for the Fiscal 2015 fourth quarter was (\$6.2) million as compared to EBITDA of (\$53.4) million reported in the Fiscal 2014 fourth quarter. Adjusted EBITDA was \$5.2 million as compared to \$3.8 million for the comparable Fiscal 2015 and 2014 fourth quarter periods.

Commenting on the Company's fourth quarter performance, Pat Lavelle, President and Chief Executive Officer stated, "Our results this quarter were disappointing as there were a number of factors which hampered our top-line, the biggest of which were the Euro conversion and West Coast port closure. On the positive side, our gross margins continued to increase and the steps we took to curtail our expenses in light of lower sales volumes helped drive our operating performance. Additionally, we won a number of new programs in our Automotive segment, expanded our Premium Audio distribution driven by new product launches, and made inroads in reaching the enterprise segment for our myris biometrics product offering. All of these developments should help drive results over the next several years."

Year-end Results (periods ended February 28, 2015 and February 28, 2014)

Net sales in Fiscal 2015 were \$757.5 million compared to \$809.7 million reported in the comparable year-ago period, a decline of 6.5%. Taking into account the impact of the Euro conversion (weighted average of 1.29 vs. 1.33) net sales were down \$40.2

million or 5.0%.

			F' 2015 vs. F' 2014	F' 2014 USD	F' 2015 vs. F' 2014
	F' 2015	F' 2014	(Euro impact)	(Revised Consolidated)	(w/ Euro conversion)
Total Net Sales	\$757.5	\$809.7	(\$12.0)	\$797.7	(\$40.2)
Automotive	\$396.4	\$412.5	(\$8.0)	\$404.5	(\$8.1)
Premium Audio	\$165.8	\$189.2	(\$2.4)	\$186.8	(\$21.0)
Consumer Accessories	\$194.1	\$206.3	(\$1.6)	\$204.7	(\$10.6)
Corporate	\$1.2	\$1.7	-	\$1.7	(\$0.5)

- In addition to the Euro conversion impact, the Automotive segment experienced decreases in sales from its OEM
 manufacturing lines as a result of the temporary suspension of programs from one OEM customer, which subsequently
 resumed in the Fiscal 2015 third quarter and due to higher load-in sales from an OEM program in the prior fiscal year.
 Additionally, lower satellite radio and portable DVD sales, as well as suspended sales in Venezuela contributed to the
 year-over-year decline. Offsetting these declines were higher sales of remote start products and higher sales of devices
 for the Company's new Car Connection product lines.
- Premium Audio sales declined primarily due to the Euro conversion, and lower sales for some of the Company's audio product lines, offset by increases in the Company's Commercial and Custom Installation business.
- Consumer Accessories sales declined primarily due to lower sales of digital voice recorders, clock radios and lower comparable sales in Mexico, offset by higher sales of wireless and Bluetooth speakers, improved sales in Europe and the launch of the Company's new Singtrix product, which was introduced in the Fiscal 2015 fourth quarter.

The gross margin for the year ended February 28, 2015 was 29.6%, an increase of 120 basis points as compared to 28.4% for the prior Fiscal year. This increase was driven by improved margins in the Automotive and Consumer Accessories segment, up 200 basis points and 90 basis points, respectively, offset by a 30 basis point decline in the Premium Audio segment.

Operating expenses for the year ended February 28, 2015 were \$207.3 million as compared to operating expenses of \$267.6 million reported in the comparable year-ago period, a decline of \$60.3 million. In Fiscal 2014, the Company recorded non-cash impairment charges of \$57.6 million and excluding this impact, operating expenses were down \$2.7 million, or 1.3%. Driving the improvement in operating expenses were lower selling, general and administrative expenses due to lower sales commissions and other profit based compensation, advertising expense, and due to in-sourcing of IT functions, offset by higher engineering expenses as a result of higher salary and benefit expenses at VOXXHirschmann to support various customer and prospective programs.

The Company reported operating income of \$16.6 million for the year ended February 28, 2015 as compared to an operating loss of \$37.4 million reported in Fiscal 2014. Lower sales volumes were partially offset by higher gross margins and lower overhead, thus contributing to the year-over-year improvement.

The Company reported total other expenses for the year ended February 28, 2015 of \$15.9 million as compared to total other income of \$10.7 million in the comparable period last year. In Fiscal 2015, the Company recorded \$7.4 million in charges representing the devaluation loss related to its Venezuelan bonds, resulting in a net Venezuela currency devaluation and translation loss for the year ended February 28, 2015 of \$7.1 million as well as a \$9.3 million charge related to the impairment of investment properties located in Venezuela. Additionally, Other, net, decreased primarily as a result of Fiscal 2014 events that were not repeated in Fiscal 2015, such as \$5.6 million received in a class action settlement and \$0.9 million related to Klipsch recoveries. Additionally, interest and bank charges were \$6.9 million and \$7.4 million for the year ended February 28, 2015 and February 28, 2014, respectively.

The Company reported a net loss of \$0.9 million or a net loss per diluted share of \$0.04 as compared to a net loss of \$26.6 million or a net loss per diluted share of \$1.10 for the year ended February 28, 2015 and February 28, 2014, respectively.

EBITDA in Fiscal 2015 was \$23.1 million as compared to an EBITDA loss of \$3.1 million reported in Fiscal 2014. Adjusted EBITDA for Fiscal 2015 was \$41.5 million as compared to Adjusted EBITDA of \$46.5 million for the comparable year-ago period.

Mr. Lavelle continued, "Despite the impact the Euro conversion is expected to have on our results, we anticipate our first quarter revenues will grow in US and Euro denominated business. We're executing our strategy and have taken more costs out of our operations to help drive bottom-line performance. Our balance sheet continues to improve and we remain active in the M&A markets. Our management team and Board remain committed to enhancing shareholder value and we believe the steps we've taken this past year will position us well for the future."

Adjusted EBITDA and diluted adjusted earnings per common share are not financial measures recognized by GAAP. Adjusted EBITDA represents net income (loss), computed in accordance with GAAP, before interest expense and bank charges, taxes, depreciation and amortization, stock-based compensation expense, certain foreign currency remeasurements, relocation and restructuring charges, impairment charges, certain recoveries, settlements and costs and foreign exchange gains or losses relating to our acquisitions. Depreciation, amortization, stock-based compensation, and impairment expenses are non-cash items. Diluted adjusted earnings per common share represent the Company's diluted earnings per common share based on adjusted EBITDA.

We present adjusted EBITDA and diluted adjusted earnings per common share in this Form 10-K because we consider them to be useful and appropriate supplemental measures of our performance. Adjusted EBITDA and diluted adjusted earnings per common share help us to evaluate our performance without the effects of certain GAAP calculations that may not have a direct cash impact on our current operating performance. In addition, the exclusion of costs relating to the Company's acquisitions, restructuring, relocations, remeasurements, impairments, stock-based compensation, settlements and recoveries allows for a more meaningful comparison of our results from period-to-period. These non-GAAP measures, as we define them, are not necessarily comparable to similarly entitled measures of other companies and may not be an appropriate measure for performance relative to other companies. Adjusted EBITDA should not be assessed in isolation from or construed as a substitute for EBITDA prepared in accordance with GAAP. Adjusted EBITDA and diluted adjusted earnings per common share are not intended to represent, and should not be considered to be more meaningful measures than, or alternatives to, measures of operating performance as determined in accordance with GAAP.
